

VASCULAR SCREENING PACKAGE

RM 999*

Vascular screening helps to detect blood vessel blockages or plaque buildup that puts a person at risk for aneurysm, stroke or other vascular diseases. The screening provides a good snapshot of what is going on in the blood vessels.

PACKAGE INCLUDES:

- ✓ Vascular Ultrasound Screening
 - Carotid Artery
 - Abdominal Aorta
- ✓ Ankle Brachial Index (ABI) Test

Note:

- Please fast at least 4 hours before the screening test. Plain water is allowed.

**Terms & conditions apply*
